

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

Part – A

AQAR for the year (for example 2013-14)

2014-15

I. Details of the Institution

1.1 Name of the Institution

AVILA COLLEGE OF EDUCATION

1.2 Address Line 1

AQUINAS GROUNDS

Address Line 2

EDAKOCHI

City/Town

COCHIN

State

KERALA

Pin Code

682010

Institution e-mail address

(i) No. of Seminars/Conferences/ Workshops/Symposia organized by the IQAC

Total Nos.

International

National

2

State

Institution Level

11

Themes of National Seminars

1. Paradigms of Educational Research for 21st Century: Equipping Gen next with reflective practices
2. Empowering Women, empowering society, picture it

Themes of Institution level Seminars

1. Drug abuse and Alcoholism in the Society
2. Financial Management
3. How Maths can be simplified
4. Language and Communication
5. Social values and Social skills of Teachers
9. Debate as a method of teaching in Higher Education
10. Work shop on English competency and Communicative English
11. Environment protection

2.14 Significant Activities and contributions made by IQAC

- Two National Seminars were conducted
- Third volume of the Research journal with ISSN number was released (2320-0707)
- Seminar proceedings with ISBN number released (ISBN 978-93-5196-661-6)
- Encouraged staff members to participate in B.Ed and M.Ed curriculum revision workshops conducted by Mahatma Gandhi University

2.15 Plan of Action by IQAC/Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year *

Plan of Action	Achievements
Conduct an International level seminar	International seminar not conducted
Conduct a National level seminar	Conducted 2 national level seminars
Conduct 12 Institution level seminars	Conducted 11 Institution level seminars
Release of seminar proceedings with ISBN number	Released of seminar proceedings with ISBN number
Release of third volume of the research journal with ISSN number	Released of third volume of the research journal with ISSN number
Enhance the number of computers	Enhanced the number of computers
Enhance the number of library books	Enhanced the number of library books
Increase the number of research based journals in the library	Planning to increase the number of research based journals in the library
Update the language lab	Updating of the language lab progressing
<p data-bbox="272 800 781 831">Conduct the following extension activities :</p> <ul data-bbox="321 1192 781 1682" style="list-style-type: none"> <li data-bbox="321 1192 662 1224">• class on crime awareness <li data-bbox="321 1245 719 1276">• distribution of study materials <li data-bbox="321 1297 764 1381">• distribution of food packets to the needy <li data-bbox="321 1402 756 1486">• conduct tuition classes for school children <li data-bbox="321 1507 708 1539">• make the campus plastic free <li data-bbox="321 1560 781 1591">• campus cleaning and beautification <li data-bbox="321 1612 768 1696">• planting of medicinal plants in the campus 	<p data-bbox="854 800 1341 1545">Class on crime awareness conducted, distributed study materials, distributed food packets to the needy, tuition classes for school children conducted, steps taken to make the campus plastic free, works related to campus cleaning and beautification progressing, medicinal plants planted as part of environment day celebrations</p>

Provide the details of the action taken

Part – B

Criterion – I

I. Curricular Aspects

1.1 Details about Academic Programmes

Level of the Programme	Number of existing Programmes	Number of programmes added during the year	Number of self-financing programmes	Number of value added / Career Oriented programmes
PhD				
PG	1		1	
UG	1		1	
PG Diploma				
Advanced Diploma				
Diploma				
Certificate				
Others				
Total				
Interdisciplinary				
Innovative				

1.2 (i) Flexibility of the Curriculum: CBCS/Core/Elective option / Open options

(ii) Pattern of programmes:

Pattern	Number of programmes

Semester	2
Trimester	
Annual	

1.3 Feedback from stakeholders* Alumni * Parents * Employers * Students *
(On all aspects)

Mode of feedback : Online Manual * Co-operating schools (for PEI)

*Please provide an analysis of the feedback in the Annexure

1.4 Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

1.5 Any new Department/Centre introduced during the year. If yes, give details.

Criterion – II

2. Teaching, Learning and Evaluation

2.1 Total No. of permanent faculty

Total	Asst. Professors	Associate Professors	Professors	Others
17	14	2		1

2.2 No. of permanent faculty with Ph.D.

2.3 No. of Faculty Positions Recruited (R) and Vacant (V) during the year

Asst. Professors		Associate Professors		Professors		Others		Total	
R	V	R	V	R	V	R	V	R	V
0	0	0	0	0	0	0	0	0	0

2.4 No. of Guest and Visiting faculty and Temporary faculty

2.5 Faculty participation in conferences and symposia:

No. of Faculty	International level	National level	State level
Attended		17	
Presented papers		2	
Resource Persons		3	

2.6 Innovative processes adopted by the institution in Teaching and Learning:

- Micro teaching practice for all students
- Familiarize all students with smart class
- Mode of transaction mainly by debate, seminars, brain storming sections, panel discussions, peer tutoring, field survey etc

2.7 Total No. of actual teaching days during this academic year

210

2.8 Examination/ Evaluation Reforms initiated by the Institution (for example: Open Book Examination, Bar Coding, Double Valuation, Photocopy, Online Multiple Choice Questions)

NIL

2.9 No. of faculty members involved in curriculum restructuring/revision/syllabus development as member of Board of Study/Faculty/Curriculum Development workshop

		7
--	--	---

2.10 Average percentage of attendance of students

89

2.11 Course/Programme wise distribution of pass percentage :

Title of the Programme	Total no. of students appeared	Division				
		Distinction %	I %	II %	III %	Pass %
B.Ed	202	22	50	26	2	
M.Ed	35	29	66	5		

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes :

- Topics of seminar selected by keeping in view of the modern trends in teaching-learning

- Teachers are given instruction to select topics of projects/dissertations based on local issues and new trends in Education
- Teachers are given instruction to invite resource persons from the list prepared by the Education department (SRG).
- Feedback regarding teaching/learning collected from students
- Feedback from students and parents are analysed and discussed in staff meetings

2.13 Initiatives undertaken towards faculty development

<i>Faculty / Staff Development Programmes</i>	<i>Number of faculty benefitted</i>
Refresher courses	
UGC – Faculty Improvement Programme	
HRD programmes	
Orientation programmes	
Faculty exchange programme	
Staff training conducted by the university	
Staff training conducted by other institutions	
Summer / Winter schools, Workshops, etc.	
Others

5.10 Scholarships and Financial Support

	Number of students	Amount
Financial support from institution	0	0
Financial support from government	13	Rs 36,400 per student for 3 M.Ed students Rs 29,500 per student for 10 B.Ed students
Financial support from other sources	0	0
Number of students who received International/ National recognitions	0	0

5.11 Student organised / initiatives

Fairs : State/ University level National level International level

Exhibition: State/ University level National level International level

5.12 No. of social initiatives undertaken by the students

5.13 Major grievances of students (if any) redressed: Nil

Criterion – VI

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vision – To build up a Centre of Excellence in Teacher Education which will provide opportunities for study and Research up to doctoral degree, accessible to maximum number of students, especially those who belong to marginalized, downtrodden and deprived sections of the society.

Mission

- Create a team of mentors/facilitators, equipped with knowledge and skills necessary to incorporate modern techniques and strategies in teacher education.
- Generate committed and competent teachers who give utmost importance to values.
- Uplift the socially and educationally backward sections of the society.
- Strengthen the minorities and make them self sufficient through education.

6.2 Does the Institution has a management Information System

NO

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

As the college is an affiliated college, no freedom to develop curriculum. Three faculty members from B.Ed section and four faculty members from M.Ed section attended the workshop on curriculum revision conducted by Mahatma Gandhi University for two year B.Ed and M.Ed programme.

6.3.2 Teaching and Learning

- Equal importance given to theory and practice
- Student centred methods like debate, discussion, brain storming sessions etc are given importance instead of teacher centred methods
- Importance given to ICT based mode of transaction

6.3.3 Examination and Evaluation

- Equal importance given to internal and external examinations
- Three test papers are conducted in each section
- Internal marks are awarded on the basis of marks in test papers, assignments and attendance
- Utmost importance given to M.Ed dissertation work

6.3.4 Research and Development

- Research Colloquium conducted every year
- Faculty members are encouraged to attend seminars/workshops
- Faculty members are encouraged to present papers and articles in national and international journals
- Research journal with ISSN number published regularly
- Two national seminars, one in Educational research conducted
- Seminar proceedings with ISBN number released

6.3.5 Library, ICT and physical infrastructure / instrumentation

- Computerised library with internet facility
- Technology lab, language lab, computer lab, micro teaching clinic fully functional

6.3.6 Human Resource Management

- Cordial relationship between management, staff and students
- Staff council and student council meetings are held at regular intervals
- IQAC fully functional

6.3.7 Faculty and Staff recruitment

- Staff recruitment is based on pure merit
- Academic and Administrative matters of the institution are discussed with Academic director

6.3.8 Industry Interaction / Collaboration

- Good relationship with corporate Educational agency, Diocese of Cochin
- Cordial relationship with all academic bodies

6.3.9 Admission of Students

- Strictly follows rules and regulations of NCTE, State and affiliating University
- 50% seats are in merit quota and 50% seats are in management quota
- Due importance is given to merit for admission in management seats

6.4 Welfare schemes for

Teaching	2
Non teaching	2
Students	1

6.5 Total corpus fund generated

Rs 82, 26,781
(Capital fund)

6.6 Whether annual financial audit has been done

Yes

No

6.7 Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	✓	University	✓	Diocese
Administrative	✓	University	✓	Diocese

6.8 Does the University/ Autonomous College declares results within 30 days?

For UG Programmes

Yes

No

For PG Programmes

Yes

No

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

University has taken steps for examination reforms which include on line submission of internal marks, CBCSS

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

Autonomy is not given to unaided colleges

6.11 Activities and support from the Alumni Association

- Alumni members co operate with the college activities to conduct Demonstration classes
- Supports in placement services

6.12 Activities and support from the Parent – Teacher Association

- Supports in curricular and co curricular activities
- PTA fund is utilized for student welfare activities
- Awareness programmes are conducted for parents

6.13 Development programmes for support staff

EPF, ESI, TA, Special allowance

6.14 Initiatives taken by the institution to make the campus eco-friendly

- Class was conducted on Medicinal plants
- Plants including medicinal plants are planted as part of Environment day celebration
- Maximum effort taken to make the campus plastic free
- Campus is kept neat and clean

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- Saturday afternoon classes are utilized for preparing students for competitive examinations, students are motivated to appear for various competitive examinations
-

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- Curricular practices: More computers were purchased as planned in the beginning of the academic year to make instruction ICT based
- Organisation of Seminars: Two National Seminars were planned and organised by IQAC
- Research publications: As planned the third volume of the Research journal (ISSN NO.2320-0707) and Seminar proceedings (ISBN 978-93-5196-661-6) released
- Professional growth of Teachers: Teachers were encouraged to publish papers in National and International journals; there is a marked increase in the number of research publications. Teachers were asked to participate in workshops on curriculum revision conducted by affiliating University, many staff members are doing more PG courses
- Infra structure facilities: As planned nearly one lakh spent for campus beautification, Ten computers were purchased in this academic year as per plan

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

- Multimedia Assisted Skill Development Programmes
- Ethical teaching as a means to achieve secular outlook

**Provide the details in annexure (annexure need to be numbered as i, ii,iii)*

7.4 Contribution to environmental awareness / protection

- Environment day celebrated by planting trees
- Classes on environment protection and pollution arranged
- Quiz competition organised as part of environment day celebration
- Planted medicinal plants, lawn modified
- Awareness given to staff and students to make the campus plastic free
- Nature club and science club fully functional

7.5 Whether environmental audit was conducted?

Yes

No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

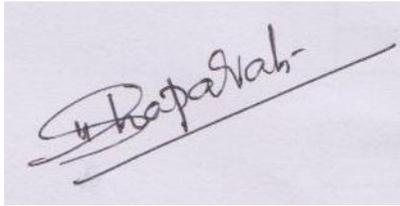

Major strengths: Good infra structure facilities, all staff members in the M.Ed section are Ph.D holders, PTA support for conducting seminars and curricular & co curricular activities, ICT enhanced curriculum transaction

Major weakness: Decrease in the number of students, lack of fund from Government agencies as the college is in the self financing section, change of staff members

8. Plans of institution for next year

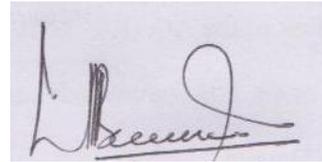

- To install LCD in all class rooms
- To conduct an international seminar in collaboration with sister concerns
- To update the library with research related books
- To organise more extension activities
- To conduct more institution level seminars

ANNEXURE – i

ANALYSIS OF THE FEED BACK

The feedback is collected manually from the students. The student feedback Performa has two parts. Part-A is the student back on the institution. The aspects included in part-A are

- I. infrastructure facilities
- II. Library facilities
- III. Curricular activities
- IV. Co curricular activities,
- V. Office administration
- VI. Role of Principal.

A separate space is given for suggestions. Students were asked to grade in a 5 point scale. For all the aspects the students gave grades between 3 and 5.

Part-B is the student feedback on teachers. Each teacher is graded on a 5 point scale. The components for assessment are

- I. communication skills
- II. Interest generated by the teacher
- III. Ability to integrate the course material with environment/other issues to provide a boarder perspective,
- IV. Ability to integrate across the courses,
- V. Accessibility of the teacher/availability of the teacher to motivate the students outside the class discussion
- VI. Ability to design quizzes/examinations/assignments/projects etc,
- VII. Provision for sufficient timely feed back
- VIII. Knowledge base of the teacher
- IX. Sincerity/commitment of the teacher
- X. Overall rating

A separate column is provided for comments. The overall grading given by students for teachers is between 3.2 and 5. The feedback Performa is collected back from the students and the feedback is analyzed by the head of the institution every year. A copy of the feedback Performa is attached with this annexure.

Follow up activity – The feedback collected manually from the students, feedback from the PTA and co operating schools are discussed in the first staff meeting of every academic year. The feedback is discussed with the management also.

AVILA COLLEGE OF EDUCATION, EDACOCHIN, COCHIN

Student Feedback Performance

PART – A (STUDENT FEED BACK ON THE INSTITUTION)

Instructions: Please rate the following aspects of the institution in a five point scale. Put a tick mark (⇒) in the respective column.

Very Good	Good	Satisfactory	Poor	Very Poor
A	B	C	D	E

ASPECT	GRADE				
	A	B	C	D	E
Infra structure facilities	A				
Library facilities	A				
Curricular activities	A				
Co-curricular activities	A				⇒
Office administration	A				
Role of the Principal	A				

Suggestions if any :

BEST PRACTICE -1

The Best Practice of Avila College of Education

I. Title of the Practice

“Multimedia Assisted Skill Development Programmes”

The best practice in our institution which has stood the test of time and has proven its long term sustenance is “Multimedia Assisted Skill Development Programmes” organised in this institution each academic year. Avila College of Education is the only institution in Kerala which has facilities for conducting microteaching training phases in a closed circuit television studio.

II. Context for initiation of Practice

Preparing teaching professionals having a missionary zeal is the goal governing all the practices of this institution. Micro teaching is regarded by teacher educators and researchers as a valuable training technique in the pre-service preparation of teachers. Microteaching training phases is an incredible part of teacher education curriculum followed in four regional institutes of education directly run by NCERT. NCTE has also recommended including microteaching phases in teacher education curriculum for make it more competency based.

A practical training in microteaching skills is a part of our curriculum ever since its inception in 1995, though it was not a stationary practice as per the syllabus prescribed by Mahatma Gandhi University, Kottayam till 2005.

As a teacher training technique, microteaching has several advantaged. It is a training technique in which a student teacher teaches a simple concept using a specified skill, to a small number of pupils for a short duration of time. It provides opportunity to trainees to practice and refine their teaching skills without the risk or complexities involved in a real classroom situation.

Microteaching programme proceeds through following phases.

- a) Knowledge Acquisition phase

- I. Observing the demonstration of skill
 - II. Analysing and discussing the demonstration
- b) Skill Acquisition phase
- I. Preparing the micro lesson
 - II. Practising the skill
 - III. Evaluating the performance
 - IV. Reteaching
- c) Transfer phase
- a) Transferring of practiced skills onto a macro-teaching situation.

The core phase of micro teaching programme is the stage at which the trainee teaches a micro lesson on a specified skill to a small group comprising of supervising teacher and peers. The observers (supervisor & peers) note down their observations and suggestions to improve the skill being practiced in a specially developed performa. At the end of teaching session a critique conference is conducted to provide necessary feedback. The feedback is given immediately to the trainee by the observers along with audio/video recordings of his/her class.

Recognising the importance of microteaching, Avila College initiated “Multimedia Assisted Skill Development Programmes” in the year 2004. A multimedia studio having all the latest sophisticated equipments (list enclosed) is now functioning in the college. Such a facility does not exist in any other teacher education college in Kerala.

A facility for video recording of presentation is very much essential for conducting microteaching programmes in an effective manner. A video presentation helps in supplying students with feedback and thus each and every stage of a micro lesson can be analysed and discussed. It can be also used for demonstrating a specified skill to student teachers.

III. Objectives of the Practice

- a) To develop in student teachers core teaching skills necessary for effective classroom (teacher – pupil) interaction using technological medias.
- b) To provide training in communication skills in a stimulated situation using technological Medias.

- c) To improve the quality of teacher education programmes by utilizing the potentials of educational technology.
- d) To provide multimedia assisted skill training programmes for teachers of associated institutions.
- e) To exhibit audio lessons and video films on skills and strategies of teaching to student teachers as part of their training programme.
- f) To record video lessons of best student teachers and to use these lessons for demonstration and discussion purposes.
- g) To prepare model video lessons on teaching skills and teaching strategies.

IV. The Practice

One of the major concerns and priorities of our institution is to produce competent teachers who are skillful in the art of teaching. In order to develop in student teachers competences necessary for effective classroom interaction, our institution organises multimedia assisted micro teaching training sessions for student teachers each academic year.

Microteaching training phases is organised with the assistance of a multimedia studio functioning in our college which is equipped with the latest sophisticated equipments.

a) Multimedia Studio

We have a sophisticated multimedia studio with the following equipments:

1. Power Mac G 5 computer
2. Final Cut Pro Movie Editing Software
3. Firewire and Graphics Card
4. Digital Video Camcorder
5. 42" Plasma Display
6. LCD Projector
7. Video Disc Unit
8. Surround Speaker System (total investment of s 15 lakhs for equipments)

b) Microteaching Programme

Micro teaching training programmes of our institution begins on sixth working day of second month of each academic year. After the initial theoretical orientation on microteaching technique its phases and skills, students are provided model video presentations on each microteaching skill in order to develop in them a clear understanding of their teaching skill to be practiced. Models of a particular skill are also demonstrated by teacher educators to student teachers.

Of the several teaching skills following six skills which are very much essential in conducting a constructivist pedagogue is dealt in detail to students.

The six teaching skills are

1. Skill of introducing a lesson
2. Skill of probing question
3. Skill of black board writing
4. Skill of illustrating with examples
5. Skill of stimulus variation
6. Skill of reinforcement

The second month of each academic year is completely devoted to micro teaching training phases. Each day the afternoon session is utilized for microteaching during this month. Student teachers of each optional class selects three out of this six teaching skills as part of their training programme. Each student teacher prepares a micro lesson on the selected skills, by taking a small content and considering the behavioural components involved in a skill. Once the planning phases of micro teaching are completed, student teachers and teacher educators conduct the teaching feedback phase in the multimedia studio.

Students in each optional subject are divided into a micro group of six and student teachers teach the micro lesson to the micro group in a simulated condition. A peer teacher or the resource person in charge records the role playing of student teachers for providing necessary feedback. Multimedia studio has in

built facilities for incorporating video presentations during a teaching session. Feedback is given immediately to the student teacher by the observers with the help of video footage of his/her class. The student teacher re plans the lesson in the light of feedback in order to develop the skill more effectively. The revised micro lesson is re-taught to the same group for further feedback and practise.

The M.Ed. students also utilize the facilities of multimedia studio for their research purposes. Video lessons, CDs or documentaries required for their research work is prepared/edited in our studio. Our college also organises communication skill development programmes for M.Ed students and teachers of associated institutions.

Microteaching classes and demonstration classes of best student teachers in each academic year is also recorded in this multimedia studio. College utilizes these videos for demonstration and discussion purpose.

V. Obstacles faced and strategies used to overcome

The current duration of B.Ed programme is the major obstacle in organizing microteaching phases. Due to the constraints of time the college cannot provide training in all the six skills in a systematic manner to student teacher. In our institution each student gets an opportunity to teach and re teach a particular skill in the multimedia studio. Students could teach and re teaches all the core skills in the multimedia studio if the current B.Ed programme is extended to a longer duration.

Another major obstacle faced by the institution is the absence of a trained full time professional editor for controlling the functioning of multimedia studio. The current financial situation of our institution does not allow for appointing a full time editor. At present college overcome this obstacle by hiring skilled part time professional editors during the microteaching training phases or during the preparation of CDs, documentaries etc for research purpose. The college administration also plans for providing training in video editing to one of our staff members.

Our multimedia studio also faces the obstacle of updating the hardware and software associated with video/audio editing according to the latest innovations. Management is very keen and concerned in updating the software and hardware equipments.

Institution also faces the problem of lack of availability of quality video lessons on various microteaching skills and teaching strategies. NCERT and NCTE could play a great role in improving the availability of video lessons for improving the quality of teacher education programmes. At present college mainly depends on model video lessons produced in the Universities of USA and UK and also on the work done by our past students for providing demonstration classes.

VI. Impact of the Practice

Microteaching practice at the beginning of the academic year plays a great role in improving the attitude of student teachers towards teaching and education. This practice has made our teacher education programme more effective and competency oriented.

The impact of the practice is evident in the performance of student teachers during their internship period. The student teachers who have rigorously and seriously passed through the microteaching cycle show a great deal of teaching competence and skills.

The practice also plays a significant role in improving the self confidence and teacher efficacy of our student teachers. The practice also helps our student teachers to improve or maintain healthy teacher-pupil relationship in the classroom. They made greater use of the ideas of students, use more questions and elicit more response from the pupil to create a participatory learning atmosphere in the classroom.

Almost 85% of student teachers have responded that their microteaching experience had been extremely valuable. Only 15% reported that they thought it had been a little or no value. Majority of student teachers stresses the effectiveness of one particular aspect of our microteaching programme i.e. the use of video tape recordings to provide feedback. One of our student teacher has stated that “to be able

to see yourself teach is worth hours of other types of observation”. Videotaping often acts as a ‘morale booster’ for our student teachers.

Remarks and feedback given by experts from other teacher education institutions, Universities and national agencies like NCTE also testify the effectiveness of this practice. The practice of microteaching phases and the functioning of a full fledged multimedia studio in our institution has proved worthy as Mahatma Gandhi University decided to include microteaching training a part of the B.Ed curriculum in all teacher education institutions.

VII. Resources required

- a) The college needs to install more or latest software related to video/audio editing.
- b) More videos and printed materials on microteaching skills and teaching strategies should be procured.
- c) Standardized books on microteaching phases should be procured.
- d) Video presentations related to communication skill development programmes are to be collected in large numbers.

BEST PRACTICE -2

I. Title of the Practice

‘Ethical teaching as a means to achieve secular outlook’

Avila College of Education is established in the year 1995 in the self financing stream. The College believes teaching is a mission with a vision and one has to enter into this profession with a passion. In order to fulfill the vision of the institution teachers are moulded to suit the requirements of a democratic country like India and for attaining this aim ethical teaching play a crucial role.

II. Context for initiation of the practice

A country like India should strive hard to achieve unity in diversity. Indian sub continent is marked by the presence of a large number of ethnic populations with different languages and culture. So for the unity of the country we need to inculcate right outlook in our students. Their mind should be broad enough to accommodate people with different languages, beliefs, and culture. India is the cradle of diverse culture, religions and philosophical thoughts. India as a united country should fight against terrorism, parochialism and all kinds of antisocial elements which work against National integration. Teachers and parents should inculcate good values in children. The future generation should be proud of their tradition and they should be aware of the value deterioration that happens in the society due to many reasons like commercialization, materialistic culture and modernization. They should be able to distinguish what is right and what is wrong, which is acceptable and which is not acceptable. The root cause of all social evils like religious fundamentalism, conflicts, drug abuse, terrorism, atrocities against women and children, broken families etc is lack of good, value based education. As a teacher training institution, Avila College of Education tries hard to inculcate good values in future teachers so that it will be

beneficial for the next generation and this will in turn help in the creation of a better society.

III. Objectives of Practice

- To inculcate core values of the three great religions of the world – Hinduism, Christianity and Islam in student teachers.
- To realize that the essence of all religions is the same, Religion is for the well being of humanity
- To develop spiritual values
- To respect other's view, faith, beliefs and tradition
- To familiarize the student teachers with the traditional values in the holy books.
- To get a wider concept about different religions
- To build self confidence among students

IV. The Practice

- i. Value Education is given top priority during the time of orientation classes
- ii. In the morning assembly, readings from the three holy books – Bhagavat Gita, Holy Bible and Holy Quran are compulsory.
- iii. Ethical Teaching classes – Every year, Ethical teaching classes on the three religions are conducted by religious scholars.
- iv. Celebration of all religious festivals like Onam, Christmas, Ramsan etc

V. Obstacles faced and the strategies used to overcome

- It was noticed that some students are late comers and they are not attending morning assembly. Students were given awareness about the need to attend the assembly of an institution, attending the assembly was made compulsory for attendance, late comers were identified by the punching time and their problems were addressed.
- It was difficult to find religious scholars with secular outlook. But every year we try hard to identify good scholars to conduct ethical teaching classes.
- Some students were not much interested to attend the programmes related to all religious festivals. Participation in all programmes was made compulsory and proper awareness was given in this direction.

VI. Impact of the Practice

- All students irrespective of their religion and caste read and understand the values explained in the three holy books which will help to inculcate secular outlook.

- Behavioural changes like broadened outlook, social commitment and interest in charity observed in students.
- Morning Assembly itself is a confidence building program for the students.
- Good appreciation from parents
- Student teachers have become competent to organize programs to celebrate religious festivals in a secular way.

VII. Resources required

Religious Scholars to conduct classes related to all religions

Fund to organise the programs
